

KAREEM ZAYDAN

Full-Stack Developer | React.js · Node.js · Express.js · MongoDB

Tripoli, Lebanon | +961-81227851 | Kareemshadizaydan@gmail.com | <https://www.linkedin.com/in/kareem-shadi-zaydan-52a6112b6> | <https://github.com/kareem-zaydan>

SUMMARY

Full-stack developer with hands-on experience building responsive React/Node applications, including financial education tools, multi-step forms, and analytics dashboards. Computer Science graduate with a strong grasp of JavaScript, REST APIs, and modern front-end architecture, developed through an internship, an intensive full-stack bootcamp, and independent projects. Complement technical skills with business and communication experience from founding and managing a small company.

PROJECTS

Interactive Financial Education Mobile Builder — React.js, JavaScript, CSS

- Built mobile-first learning modules with interactive components, replacing static content with a hands-on, navigable interface — [completed in 15 days].

Multi-Step Loan Application Form — React.js, JavaScript, form validation

- Developed a multi-step form with client-side validation and state persistence across steps, reducing user drop-off on a previously single-page form [completed in 15 days].

Portfolio Analytics Dashboard — React.js, Chart.js/data visualization, REST APIs

- Built a data-driven dashboard visualizing portfolio performance, pulling data via REST API calls and rendering interactive charts for end users [completed in 15 days].

TECHNICAL EXPERIENCE

Front-End Web Developer Intern | Zetheta Algorithms Private Limited (Remote)

April 2026 – June 2026

- Designed and built interactive financial education modules in React, turning static content into engaging mobile learning experiences.
- Developed a multi-step loan application form and a portfolio analytics dashboard, integrating REST APIs for live data.
- Built responsive, reusable UI components and optimized navigation flows in an agile team environment.

ENTERPRENEURIAL & PROFESSIONAL EXPERIENCE

Alongside my Computer Science degree, I gained practical business experience by contributing to family and small business operations in Lebanon. These opportunities strengthened my communication, leadership, customer service, financial awareness, and ability to take responsibility from an early stage while balancing my academic studies

Co-Founder & Operations Lead | Zaydan Rent a Car — Lebanon

December 2023 – Present

- Help oversee daily operations, customer relations, scheduling, and business development.

Digital Solutions & E-Commerce Associate | Metaverne — Lebanon

June 2023 – December 2023

- Assisted clients in identifying digital solutions and coordinated project requirements with development teams.

Technical & Operations Manager | Halabi Cell — Tripoli, Lebanon

April 2023 – December 2023

- Supported operational improvements, digital processes, and customer service initiatives.

EDUCATION

B.S. Computer Science | Lebanese International University — Tripoli, Lebanon

October 2020 – June 2024

- Final Year Project: restaurant mobile application supporting managers, employees, and customers.
